Prospectus of the Christian Mirror.

Tills paper will be devoted to the discovery, illustration, and defence of truth—too the advocacy of whatsoever thines are pure, lovely, and of good report. So far as it may be deemed expedient to give it a local character, it will aim nore especially, to promote the interests of Apostolic Christianity in Kentucky. But a brief outline of its intended course, can be here sketched. I. A candid and thorough examination of the questious involved in Church Organization and Co-operation, will be attempted. The Bible Society question will be considered. Much investigation of these subjects is yet comanded. Let no one deprecate discussion. In the midst of succety in rapid progress, it is unavoidable, and is to be unvited, rather than repelled. It is not discussion that is dreaded, but those angry personalities, into which, even religious discussions too often descend. Nathing of these last, sholl erer have a place on the pages of the Mirror. In general, nothing that can be personally offensive to any one, will be admitted, unless the defence of the conomunity against imposture, shall urgently demand it.

Arrival of Steamer Maria Burt.

INTERESTING NEWS FROM MEXICO. The U. S. steamer Maria Burt, arrived last evening from Vera Cruz, whence she sailed on the 5th inst. The news communicated by Capt. Tucker, of the Virginia, and by our own correspondent in regard to this vessel, would appear to be authentic.

By the Maria Burt we have received letters and papers from the city of Mexico to the 27th of Nov. The most interesting matter referred to in them is, by far, the arrests of Worth, Pillow, and Duncan. It appears that Gen. Twiggs was to have come down with the train from Mexico, leaving on the 2d or 31 inst., but, in consequence of the arrest of Gen. Worth, he was detained

El Monitor of to-day, commenting upon the annonneement of Santa Anna, that he had placed himself at the head of an armed force for the purpose of preventing any negotiations for peace while the Americans occupied Mexican territory, discredits the statement, and says that he (Santa Anna) opened the door for negotiation himself, and that, if he opposes Congress in the consummation of peace, he will be pulling down with one hand what he had constructed with the other. The paragraph appeared in El Progresso, published in Guanajuato, and I should think that by this time the editor of El Moniter had become sufficiently acquainted with Santa Anna's thirst for power not to be surprised at any measures he might take to secure it.

This rumor has been gaining strength, and the Monitor, of this morning, refers to it as being true, and threatens to publish the names of the seceders, some of whom, it says, are now actually in this city. I hear, also, from a private source, that as soon as Anaya found out their letter, and the other a letter which appeared first in object he expressed his determination to arrest the delinquent members and compel them to attend to Union, whence we copied it on the 8th October, their duties, in consequence of which some of them with some introductory remarks, and the whole then left Querelaro in a hurry. The mail from the interior last evening brought papers from Guadalajara, Morelia, and Guanajuato, late dates, but they contain nothing of interest. Most of the papers are down upon Santa Anna in severe terms for his conduct in declaring himself determined to oppose negotiations for peace. El Progresso, of Guanajuato, is absolutely savage in its denunciations, and declares that he should be made to answer with his head for his treason. A few short months ago, these same editors were fawning upon the "Hero of San Jacinto" with sickening sycophancy. How true it is that success is the test of merit.

A communication was received from Queretaro vesterday from the English secretary of legation, Mr. Thornton, covering a protest from Lord Palmerston against the forcible levying of taxes upon English residents in Mexico to support the war with the United State. These levies were made some six months since, and the English residents petitioned against it. The protest is said to be concled in very severe terms.

From the Maysville Eagle Extre, of Dec. 29. DREADFUL STEAMBOAT DISASTER.

Total destruction of the steamer A. N. Johnson and all her cargo; eighty lives lost; great suffering; twenty three horses burnt.

We are called to record the most agonizing scene of destruction we have ever witnessed, and such as we hope never to see again. The steamer A. A. Jourson, Captain Abram Bennett, this splendid new Wheeling and Cincinnati packet, on her first trip up last night, when about ten miles above this city, at 15 o'clock, blew up with a tremendous explosion, reducing to a wreek the whole boat forward of the wheel house. The boat took fire immediately, and

burned to the water's edge. The news of the disaster was brought to Maysville by three passengers in a skiff, at an early hour; this morning. As soon as the steamer Dan'l. All had been done before that, that could be done, by Messrs. Granville Dye, Geo. F. Wilson, Andrew and C. Wilson, at whose houses the sufferers lay, as well as by the neighbors, and by a dozen or more from Maysville, who had gone up on horseback. Every preparation was made for their comfort and relief that could be, and Drs. Adamson. Tebbs, Sharpe, Frazee, Davis, Paddock and Sutherland were active in applying remedies. THE ELEPHANT COLUMBUS .- One of the elephants in Raymond and Waring's extensive menagerie, exnbiting in Philadelphia, turned on his keeper on Wednesday last. We find the following particulars in the Philadelphia papers:
As his keeper, Wm. Kelly, was preparing him for

the atternoon performances, and in consequence of being struck, he seized Mr. K. with his trunk and raising him into the air dashed him twice to the ground with the utmost violence, breaking his right g and thigh in a most shocking manner, and causng many other very serious injuries. The peculiar cry of the curaged animal, as he seized Mr. Keliv, warned those in the other part of the building of what was going on, and rushing to the quarter where the elephant was kept they succeeded in snatching the wounded man out of the way as he was about being seized a third time. The CLERK read them, us follows:

Resolved. That, in the opinion of this House, the order of this Government that General Taylor with his army should take position on the bank of the Rio Grande, which resulted in the blockade of that river and the pointing of the guns of the Puiled States upon a Mexican town on the other side, was unnecessary, and unwise, was an act of aggression in itself, and the immediate cause of conflict between the two nations.

Resolved, That the invasion of the ferritories of Mexico south and west of the Rio Grande, either by sea or by land, and the storming and capturing of her towns and the slaying of her people within such territories, were acts of injustice, cruelty, and wrong; and that the requiring of Mexico, at the peril of her national existence, to enter into treaty stipulations with us, while her country is surrounded by our navy, her capital and chief towns in our possession, her country subjugated, and her peoples crushed and prostrate beneath our power, and with on resisted so

A lamentable feeling pervades the army at Mexico. owing to jealonsics and heartburnings, envy and malice, and political prejudices. Gen. Scott has arrested Pillow and Worth. The circumstances which led to this step are believed to be these: Two letters, amanating from the American camp, published in the U. States, have been read by Gen. Scott. \$70 REWARD.

ESCAPED from the Kentucky Pententiary, on Sanday on ht, the 21st instant, a convict named ELISHA SKETCE. Said convict is about 22 ye rs of age, quite small for his age, is only about 5 feet 61 cless his h; weighs about 130 pounds; deheate regular features; small bluck eves; from his hair and general appearance, he looks like he might be part Indian or Spaniard; is very innorant, having no education, and but little natural sense; tooks down when spoken to; and with a very slight examination and questioning may be detected. Said convict took from my stable, and rode of, a dark bay house, about four years of age; at least fifteen hands high; long bodied, and slender built, with a very long black mein and tail, no spots upon him; has not been ridden much, and is quite skittish; is what judges would term a "very clever horse."

The said the rode is about half worn, doubled skirted, with knee puffs upon the skirts. The girth has been broken and tied together; black kride, single nead-stall, double reigns; one of the reigns ripped in two; old fashioned curb lat, with long jaws and quite rusty.

Dr. Penney's Ague Pills.

IN presenting the public with this remedy for the most troubles some of Western Giscases, I am not unapprized of the opposition that it will at hist meet; for the community has suffered much by the impositions and frauds practiced by the getters in paid venders of patent nostroms, specific remedies, and medicines professing to cure all diseases. So much have the people suffered from such infractions on their creditity, that it would seem foolish in any nne, at this day, to introduce a specific for any Hisease; but I do it, and do it too, sangine of success, llaving had anople opportunity to test the edicacy of the Ague Pills now presented to the public, I do assure it, that they have never friled to cure in one soutary case where the directions were strictly observed.

strictly observed.

They seem equally as well adapted to Agnes of long standing as mere recent ones.
